

The Friendly IT Solutions Company

A Woman-Owned Small Business

CORPORATE CAPABILITIES

Sharpnet Corporation is an IT services company who believes in relationships. We understand that each project we undertake impacts multiple levels of the organization and we strive to ensure that success is created at each of those levels. By beginning with the end in mind we can assess how best to support the entire organization so that growth is holistic and successful. From requirement gathering through final testing, we are constantly assessing our work to ensure efficiency, responsiveness and quality service delivery. Our IT solutions are cutting edge but always customized to support your business processes and designed to ensure bottom line success.

In business since 1997 and local to the Washington, DC area Sharpnet is a certified Woman Owned Small Business committed to providing information technology (IT) solutions to government and commercial clients. We retain highly professional staff with cutting edge skills and a commitment to client success.
